

## **EduceLab: Midscale Infrastructure for Heritage Science**

*Monday, 21 March 2022 15:30 (15 minutes)*

The commissioning of the EduceLab infrastructure, funded through the National Science Foundation's "Mid-Scale Infrastructure" program, represents a tremendous opportunity in operational capacity for Heritage Science problems in the central region of the United States. This overview explains the infrastructure and its intended use and capabilities.

**Presenter:** Prof. CHAPMAN, Christy (University of Kentucky)

**Session Classification:** Humanities, Arts & Social Sciences Applications
