Contribution ID: 79 Type: Oral Presentation

## **EduceLab: Midscale Infrastructure for Heritage Science**

Monday, 21 March 2022 15:30 (15 minutes)

The commissioning of the EduceLab infrastructure, funded through the National Science Foundation's "Mid-Scale Infrastructure" program, represents a tremendous opportunity in operational capacity for Heritage Science problems in the central region of the United States. This overview explains the infrastructure and its intended use and capabilities.

Presenter: Prof. CHAPMAN, Christy (University of Kentucky)

Session Classification: Humanities, Arts & Social Sciences Applications
