

Archive storage in SDCC of BNL

Thursday, March 28, 2024 3:00 PM (20 minutes)

The Scientific Data and Computing Center (SDCC) at Brookhaven National Laboratory provides data storage, transfer, and computing resources to scientific experiments and communities at Brookhaven National Lab and worldwide.

A significant amount of scientific data has been stored and retrieved daily from the multiple tiered storage systems. My presentation covers the infrastructure of the data archiving operations on disk and tape infrastructures.

Presenter: CHOU, Tim (Brookhaven National Laboratory)

Session Classification: Data Management & Big Data
