

International Symposium on Grids & Clouds (ISGC) 2024

Tuesday, 26 March 2024

Infrastructure Clouds & Virtualisation - Conf. Room 2 (14:00 - 15:30)

-Conveners: Josep Flix

time	[id] title	presenter
14:00	[11] Design and implementation of HEPS scientific computing system for various interactive data analysis scenarios (Remote Presentation)	HU, Qingbao
14:30	[58] Design and Implementation of a Container-based Public Service Cloud Platform for HEPS (Remote Presentation)	□, □□
15:00	[85] High availability Kubernetes cluster using Octavia Ingress Controller (Remote Presentation)	SINISI, Francesco

Infrastructure Clouds & Virtualisation - Conf. Room 2 (16:00 - 17:30)

-Conveners: Josep Flix

time	[id] title	presenter
16:00	[55] Efficient management of INDIGO-IAM clients and S3 buckets via INDIGO PaaS Orchestrator in INFN Cloud (Remote Presentation)	Dr GIOMMI, Luca
16:20	[52] INFN Cloud User Support: the link between research and IT	Dr PASCOLINI, Alessandro
16:40	[84] Federation-registry: the renovated Configuration Management Database for dynamic cloud federation (Remote Presentation)	SAVARESE, Giovanni
17:00	[82] Supporting Native Cloud Tools in the EGI Federated Cloud via the FedCloud Client	TRAN, Viet
