

# International Symposium on Grids & Clouds (ISGC) 2024

## Tuesday, March 26, 2024

### Infrastructure Clouds & Virtualisation - Conf. Room 2 (2:00 PM - 3:30 PM)

-Conveners: Josep Flix

time	[id] title	presenter
2:00 PM	[11] Design and implementation of HEPS scientific computing system for various interactive data analysis scenarios (Remote Presentation)	HU, Qingbao
2:30 PM	[18] Design and Implementation of a Container-based Public Service Cloud Platform for HEPS (Remote Presentation)	□, □□
3:00 PM	[15] High availability Kubernetes cluster using Octavia Ingress Controller (Remote Presentation)	SINISI, Francesco

### Infrastructure Clouds & Virtualisation - Conf. Room 2 (4:00 PM - 5:30 PM)

-Conveners: Josep Flix

time	[id] title	presenter
4:00 PM	[15] Efficient management of INDIGO-IAM clients and S3 buckets via INDIGO PaaS Orchestrator in INFN Cloud (Remote Presentation)	Dr GIOMMI, Luca
4:20 PM	[12] INFN Cloud User Support: the link between research and IT	Dr PASCOLINI, Alessandro
4:40 PM	[14] Federation-registry: the renovated Configuration Management Database for dynamic cloud federation (Remote Presentation)	SAVARESE, Giovanni
5:00 PM	[12] Supporting Native Cloud Tools in the EGI Federated Cloud via the FedCloud Client	TRAN, Viet
