

Announcement

2018. MARCH.17

Handouts and Data Download

- **File location on website:**

<http://jlin.rcas.sinica.edu.tw/FCDD2018/>

Work as a group

- One group has 4~5 people.
- Every group will have one assigned TA.
- For mac users, please group together.

Environment Setup

- **Login in to VM (for mac users)**
 - `ssh [user id]@[ip]`
 - For example, `ssh fcdd003@202.169.170.41`
- **Cope files to the local PC (for mac users)**
 - `scp [user@ip:remote file] [local location]`
 - For example,
`scp fcdd003@202.169.179.41:~/1cqp.pdb ~/LFA-1`
- **VM environment setup**
 - `source ~centos/env.bashc`

Mac X-window Setup

- Install **XQuartz**
- Create a file "config" under "~/.ssh/"

```
$ cd ~/.ssh/
```

```
$ vi config
```

```
-----  
Host fcdd03
```

```
Hostname 202.169.170.41
```

```
User=login_id
```

```
ForwardX11 yes  
-----
```

Then, login with the following comment:

```
$ ssh -Y centos@202.169.170.41
```
