

# International Symposium on Grids & Clouds 2018 (ISGC 2018) in conjunction with Frontiers in Computational Drug Discovery (FCDD)

## Tuesday, 20 March 2018

### Symposium on Frontiers in Computational Drug Discovery - Auditorium, BHSS (11:00 - 12:30)

-Conveners: Jung-Hsin LIN

time	[id] title	presenter
11:00	[116] HADDOCK goes small molecules. Integrative modelling of biomolecular interactions from fuzzy data	Dr BONVIN, Alexandre M.J.J.
11:45	[117] Computational Modulator Design to Target Protein-Protein Interactions	Dr ZHANG, Yingkai

### Symposium on Frontiers in Computational Drug Discovery - Auditorium, BHSS (14:00 - 15:30)

-Conveners: Jung-Hsin LIN

time	[id] title	presenter
14:00	[118] Accelerated Computer Simulations and Drug Discovery of G-Protein-Coupled Receptors	Dr MIAO, Yinglong
14:45	[119] Principles governing biological Processes: Applications to drug design and drug target identification	LIM, Carmay

### Symposium on Frontiers in Computational Drug Discovery - Auditorium, BHSS (16:00 - 16:40)

time	[id] title	presenter
16:00	[120] Harnessing structures and dynamics of biomolecules for polypharmacology-based computational drug design"	Dr LIN, Jung-Hsin
