

International Symposium on Grids & Clouds 2018 (ISGC 2018) in conjunction with Frontiers in Computational Drug Discovery (FCDD)

Tuesday, 20 March 2018

Biomedicine & Life Science Session - Media Conference Room, BHSS (14:00 - 15:30)

-Conveners: Danny HSU

time	[id] title	presenter
14:00	[31] Building bridges between services and e-infrastructure in structural biology	Dr BONVIN, Alexandre M.J.J.
14:30	[44] Bridging artificial intelligence and physics-based docking for better modelling of biomolecular complexes	Dr XUE, Li
15:00	[47] First-principle-based and data-driven design of therapeutic peptides	Prof. YANG, Lee-Wei
