

Distributed Parameteric Optimization in Grid and Cloud Environments

Monday, 21 March 2011 16:00 (1h 30m)

The session wants to gauge the interest and activities in performing optimization of particularly complex and computationally expensive problems in Grid and Cloud environments.

Agenda:

- (1) Introduction
- (2) Overview - who does what
- (3) Software and Use Cases
- (4) Dos and Donts

Presenter: BERLICH, Ruediger (Gemfony scientific UG (haftungsbeschraenkt))

Session Classification: Distributed Parameteric Optimization in Grid and Cloud Environment
