

International Symposium on Grid Computing (ISGC) 2005 in conjunction
with the 2nd LCG-Asia Workshop

Contribution ID: 49

Type: **not specified**

Simulations of Mesoscale Atmospheric Circulations Using an Explicit Numerical Model

Friday, 29 April 2005 14:30 (30 minutes)

Presenter: HSU, Wu-Ron (National Taiwan University, Taiwan)

Session Classification: Application – eScience
