

International Symposium on Grid Computing 2009 (ISGC 2009)

Thursday, 23 April 2009

Operation & Management: I - Media Conf. Room (14:00 - 15:30)

-Conveners: Klaus-Peter MICKEL

time	[id] title	presenter
14:00	[118] Towards Cloud Computing@home: Ensuring Collective Availability in Volatile Resource Pools via Forecasting	KONDO, Derrick
14:30	[119] Jarifa: Supporting the Social Extremadurathome.org Project	GONZÁLEZ, Daniel Lombraña
15:00	[120] Analysis of the Present and Future Usage of the Open Science Grid	BOCKELMAN, Brian
15:15	[121] Grid User Support Beyond the Project Life Cycle	ANTONI, Torsten

Operation & Management: II - Media Conf. Room (16:00 - 17:30)

-Conveners: Kento Aida

time	[id] title	presenter
16:00	[129] Plans for a German Grid Operations and Support Centre	REISSER, Sabine
16:18	[130] UK Grid Operations Update	COLES, Jeremy
16:36	[131] Catch-All Virtual Organizations - Solution for Heterogeneous and Disperse Grid Users Communities	KMUNICEK, Jan
16:54	[132] Resource Management in Computational Grid	K, Murugeswari
17:12	[133] GILDA Status and Recent Activities in Grid Training	FARGETTA, Marco
