

International Symposium on Grids & Clouds (ISGC) 2013

Wednesday, 20 March 2013

Data Management: I - Conf, Rm 2 (14:00 - 15:30)

time	[id] title	presenter
14:00	[38] dCache: dependable storage for new distributed communities	MILLAR, Paul
14:30	[39] SCALA: A framework for graphical operations for iRODS	TAKASE, Wataru
15:00	[40] A comparative study between two data management systems dCache and irods	RESSMANN, Doris
15:15	[41] A comparison for data transfer methods and protocols with DPM in the ATLAS experiment	LIAO, Shu-ting

Data Management: II - Conf, Rm 2 (16:00 - 17:30)

time	[id] title	presenter
16:00	[49] Evaluation of the OGF GridRPC Data Management library, and study of its integration into an International Sparse Linear Algebra Expert System	CANIOU, Yves
16:30	[50] Extending the CHAIN Knowledge Base to Open Access Linked Data using KLIOS	INSERRA, Giuseppina
17:00	[51] Xrootd Federation: A Panacea or a Placebo? A Tier 1 Perspective	DE WITT, Shaun
17:15	[52] A web-based utility for Grid data management	DANIELE, Cesini FATTIBENE, Enrico
