International Symposium on Grids & Clouds (ISGC) 2026

Wednesday, 18 March 2026

Physics and Engineering Applications -I - Media Conf. Room (14:00 - 15:30)

-**Conveners: Junichi Tanaka**

time	[id] title	presenter
14:00	[111] High Performance Plasma Physics Simulation Output Management	PAUW, Viktoria
14:22	[153] Quantum Invertible Neural Networks for Fast Calorimetry as Quantum Generative Model with high interpretability at Future Colliders	FRANCHINI, matteo
14:44	[156] Feasibility Study of QNN-Based Latent Space Generation for Fast Calorimeter Simulation in ATLAS	CORCHIA, Federico Andrea Guillaume
15:06	[165] An introduction to SCDF and a case study of sPhenix compu+ng	CHOU, Tim
